

Project Initialization and Planning Phase

Date	12 June 2026
Team ID	
Project Name	Sustainable Waste Management Assistant Using Generative AI
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A wellarticulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A resident who wants to dispose of waste responsibly	Identify the correct method to dispose of household waste.	I don't know whether the waste is recyclable, hazardous, or biodegradable.	There is no quick and reliable guidance available for proper waste disposal.	Confused and concerned about harming the environment.
